Men from all over the country were trying to purchase the stone, but Mr. Kinsolving succeeded in landing the prize.

The meteorite was shipped to Chicago Saturday to Prof. Henry A. Ward, where it will probably be placed in the Rockefeller University along with other scientific displays. The meteorite is one of the largest ever found in America, and is pronounced by experts to be a very valuable asset.

Deaf Mute Services.

At the Episcopal church on yesterday afternoon, a very interesting service was held. It was primarily for the deaf mutes of Paris and neighborhood, but there were a number of people in the congregation who could hear the service as it was read by the Rector, the Rev. Mr. Caswell. For the deaf mutes the Rev. A. W. Mann, of Cleveland, Ohio, acted as interpreter. The sermon gave an account of the Episcopal church in ministering to the deaf mutes of the United States. It also elucidated the principles of the sign language which is so important an instrumentality in the intellectual and religious advancement of this class of the community who are cut off from the means of instruction addressed to the ear. At the close of the service the Rev. Mr. Mann went to Lexington, to hold a similar service at the cathedral of which the Rev. Dr. Lee is Dean. Bishop Burton, of this diocese is deeply interested in the church mission to deaf mutes in the Middle-Western Diocese. The Rev. Mr. Mann founded it thirty-two years ago.

Another Scholarship For Kentucky.

The trustees of the late Cecil Rhodes, the South African multimillionaire who left the bulk of his great fortune to education, have notified the committee for Kentucky that another scholarship will be awarded in January, 1905. Clarke Tandy, of Hopkinsville, a graduate of the State College, won the first scholarship and he is now at Oxford University enrolled as a student. The appointment will be made by competitive examination to be held at Lexington some time in January. To all practical purposes it is limited to college graduates, as it is useless for any without college training to undertake the examination. Full information may be obtained from either Prof. Arthur Yager, Chairman, of Georgetown, or Dr. John L. Weber, secretary, of Winchester.

Big Cattle Deal.

Probably one of the largest sales of cattle of the year took place Thursday, when Mr. Simon Weil, acting as purchasing agent for the Nelson Morris Company, of Chicago, closed a contract for \$30,000 worth of cattle. They were bought in Nelson and Fleming counties, principally, and consisted of 350 head, with an average weight of 1,500 pounds. The price paid was 4 1/2 to 5 cents a pound. They will be delivered at once, for export to England.

He called at News office yesterday and we can testify to him being a pleasant gentleman and to his wines as being A 1.

Found Dead In Kitchen.

Patsy Bedford, the colored cook of Mr. W. E. Beard, was found dead on the kitchen floor Sunday morning, about 8 o'clock, by the latter's wife. Patsy was a deserving woman and her physician had told her to stop work for awhile. She had so informed Mrs. Baird, but told her she would come back Sunday morning and get breakfast and dinner for her. She was let into the house at an early hour, and the breakfast hour being passed Mrs. Baird went into the kitchen to see the cause and found her faithful servant dead. Heart disease was the cause.

Came Near Being Fatal Accident.

While Mr. W. H. H. Johnson and daughter, Miss Willie, were returning from the country, Sunday evening, about six o'clock, their buggy struck a pile of rock in the pike, near the fair grounds, upsetting the buggy. Mr. Johnson was severely cut about the head and otherwise bruised, and is confined to his bed from the effects of his fall. Miss Willie escaped unhurt. This accident is due to carelessness of some one leaving the rock in the pike and should be investigated, for it came near being a fatal accident.

Fair Court-Day.

There was a fair crowd in town yesterday attending November court. M. J. Murphy & Co. reports about 150 cattle on the market and most of them sold. Wm. Woodford bought a bunch of 700-lb. yearlings at 8 1/2. Another bunch of 15 head that averaged 1,000-lbs. were sold at \$3.65. C. J. Daniel sold a bunch for 3 1/2. AMUSEMENTS.

"The Moonshiner's Daughter," which comes to the Paris Grand, Friday, Nov. 11, is described as a play of domestic interest, the plot is cleverly conceived and wrought out with constructive skill combined with literary talent. The comedy is refined, never obtrusive and always in harmony with the development of the plot of the play. A more superb scenic environment could not have been secured. It is a play which cannot fail to interest those who like incidents in which there is plenty of action and excitement. Undoubtedly the greatest scenic production ever attempted on an American stage. It is entirely a new play and depicts in a masterly style the loves and hates of the Moonshiner surrounded by danger and excitement of eluding capture by the Revenue men. Brimful of novel specialties and containing the celebrated Moonshiner's Quartette, who sing all the latest and most popular songs of the day.
